

The Frankfort Roundabout

Entered at the postoffice at Frankfort, Kentucky, as second-class mailable matter.

GEO. A. LEWIS, Editor and Pub.

FRANKFORT, OCT. 17, 1903.

HON. JOHN W. YERKES.

The Republicans of this city and county will hold a rally at the Opera House, in this city, on Tuesday afternoon next, October 20th, at 2 o'clock. Hon. John W. Yerkes, of Washington City, will be the speaker of the day. He is an eloquent and pleasing orator. He indulges in no abuse of any one.

Everybody is invited to hear him. He should have a big audience.

STAMPING GROUND.

Mr. J. Willis Calvert, son of Mr. W. O. Calvert, is quite ill with pneumonia.

Mr. Quincy Whitton, of Rushville, Ind., is visiting relatives here.

Mr. Davidson, of St. Louis, Mo., is visiting his parents in our town.

The citizens of our town have nominated the following gentlemen as candidates for town trustees, to be elected next month: W. H. Oldham, J. L. Honaker, J. L. Johnson, J. C. Hambrick and Ben Oldham.

The drouth has at last been effectually broken. The heavy rains have softened the ground and thoroughly saturated it. The small grain has about all been sown. The grass is getting as green as spring time. A few more days of warm weather will make fine fall pasturage.

The Ladies Aid Society of the Baptist Church have done a vast amount of improving on the interior of their church—new pews, new carpet, wood work painted walls and ceiling papered. They will put in another stove and their work will be done. UNO.

THE TAMING OF THE SHREW.

Mr. Chas. B. Hanford and his superb company presented Shakespeare's delightful comedy, "The Taming of the Shrew," at the Johnstown Opera House last night and scored one of the most notable triumphs of the present theatrical season. The audience was a large one and it was thoroughly appreciative of the marked cleverness with which Mr. Hanford portrayed the character of Petruchio and the capable manner in which Miss Marie Drofna carried the difficult role of Katherine, the shrew. There were half a dozen or more most enthusiastic curtain calls and these served to show that the audience was quick to note the distinct merit of the production. Mr. Hanford, who has appeared frequently in this city in other high class plays, was never seen to better advantage. There was snap and ginger and consummate skill displayed in every moment of his time. Miss Drofna not only played her part strongly and intelligently, but she looked it and she justly shared the fine honors which the audience voted. Caryl Gillin, as Grumo, Petruchio's serving man, was decidedly entertaining, his lines being carried capably and his splendid work found full appreciation. The whole cast was good and the details in costuming were carried out faithfully. "The Taming of the Shrew" was preceded by the presentation of a one-act piece, entitled "The Old Guard," in which Mr. Hanford was given an opportunity to display his rare versatility as an actor.

A WOMAN'S COMPLEXION.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25 cents; regular size, 75 cents. At all druggists, ly.

BANKERS OF KENTUCKY.

Invited by Exhibit Association to Hold the 1904 Meeting at Kentucky Building on World's Fair Grounds.

During the eleventh annual meeting of the Kentucky Bankers' Association, held at Hopkinsville last week, an invitation was extended to the organization by the Kentucky Exhibit Association, through its Secretary, to hold the meeting next year in the Kentucky State Building at the World's Fair in St. Louis.

As the next place of meeting is always settled by the executive committee the invitation was referred to it. The sentiment of the bankers present favored the acceptance of the invitation by the committee, so the next meeting of Kentucky's heads of financial institutions will most likely be held at the exposition grounds in the Mound City.

The Kentucky Bankers' Association was the first organization in the State to endorse the movement inaugurated by the Kentucky Exhibit Association, looking to the erection of a Kentucky Building and full display of the State's products and resources at the great World's Fair in 1904. The resolution adopted then provided for the appointment of a committee to help raise the fund for the purpose. The report of the work done by the committee during the year was made by the Secretary of the Exhibit Association at the Hopkinsville meeting. It showed that fifty banks and trust companies have already subscribed, the amounts ranging from \$15 to \$500, according to the capitalization of the institution. The total so far received from the bankers was reported at \$4,000, so it may be said that a large part of the Kentucky Building at the Louisiana Purchase Exposition is "Part Theirs."

At the conclusion of the report, all bankers present who represented concerns who had not contributed to the fund were asked to take up the matter immediately upon their return home with their board of directors. It is believed that before the subscription list of the Exhibit Association closes at least \$2,000 more will be contributed by banks and trust companies not in the list at this time.

The railroad rates in effect during the World's Fair will be so low from Kentucky points that the trip can be made cheaper to St. Louis than to any city or town in the State where the 1904 meeting might be held. The visit to St. Louis will also have many inducements to offer, for everyone wants to see the exposition. There is hardly any doubt about the attendance being the largest in the history of the Association on this account.

Official World's Fair photographers appointed since the last report by the Kentucky Exhibit Association are as follows: Nicholas county—E. R. Martin, Carlisle; Magoffin county—W. S. Flint, Salsberyville; Boyle and Garrard counties—E. H. Fox, Danville; Madison county—C. I. Ogg, Berea; Bath county—John J. Coyle, Owingsville; Hart county—J. M. Joyce, Bonnieville.

FREE TRIAL TREATMENT

showing the perfect support our remedy gives will be sent on request. Confidential correspondence especially with physicians, solicited. Write today for our free book which gives our references, terms, etc.

MANHATTAN THERAPEUTIC ASS'N., Dep't. B., 1135 Broadway New York City.

Many persons who feel tired, nervous and all worn out—not exactly sick, yet far from well—seek the aid of a physician when what they really need is a simple tonic—something to brace them up.

People thus ailing should try Walther's Peptonized Port. Sold by J. W. Gayle, Frankfort, Ky. It combines the richest old port wine with the very best of pepsin. It creates a natural appetite, tones up the stomach, cures dyspepsia and indigestion.

Many physicians prescribe Walther's Peptonized Port when their patients need a dependable tonic. Small size 50 cents, large size \$1.00.

MOTHERS

Who would keep their children in good health, should watch for the first symptoms of worms, and remove them with White's Cream Vermifuge. It is the children's best tonic. It gets digestion at work so that their food does them good, and they grow up healthy and strong. 25c at Paul B. Weitzel's.

Deadly

Grasp of Grip Prostrated Me.

Dr. Miles' Nervine Built Up My

Shattered Nerves and Gave Me an Appetite.

Of the millions of people, who today suffer from nervous or heart weakness, a large percentage trace the cause directly to deadly LaGrippe. It is a germ disease, and makes a direct attack upon the nerves, putting an extra strain upon them at the time their vitality is at the lowest ebb. If LaGrippe has left you with a shattered nervous system, with loss of appetite, lack of energy, insomnia, frequent headaches and morbid tendencies, you should strengthen the weakened nerves with Dr. Miles' Nervine. It will undo all that grip has done, bring back appetite, rest and restore the nerves to their normal activity.

"I want to write this testimonial for the benefit of those who have suffered from that dreaded disease—LaGrippe. I suffered several weeks with it, and nothing I tried seemed to benefit me in any way, shape or form (I suffered almost death) and finally my daughter recommended Dr. Miles' Nervine to me and I can truthfully say from the first day I felt better than in weeks. It gave me relief, built up my shattered nerves and gave me a splendid appetite. I cannot speak too highly of it and want to say, each and every one who has suffered from LaGrippe will find instant relief by getting a bottle of Dr. Miles' Nervine. Insist on having it and take no other. It is simply splendid. Hoping this will benefit some poor sufferer I remain,"—MRS. GEORGE B. HALL, Jackson, Tenn.

All druggists sell and guarantee first bottle Dr. Miles' Remedies. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

BIG APPLES IN EXHIBIT.

The Kentucky Exhibit Association wants 150 barrels of apples, embracing every variety growing in Kentucky, to put in cold storage this fall and during the winter for the horticultural display to be made at the World's Fair in St. Louis next year. M. F. Johnson, of Fern Creek, field representative of the Agricultural and Horticultural committee of the Association, is now covering the state in the interest of these two departments, and among other things is securing these apples. He made the first shipment recently from Glendale of two barrels. The average weight of these apples was 20½ ounces and the average measurement 15 inches in circumference. Mr. Johnson, who is President of the State Horticultural Society and knows whereof he speaks, pronounces this fruit the finest he has seen this year.

POTTERY IN OPERATION.

Visitors to the Kentucky Mineral Exhibit in the Mines and Metallurgy building at the World's Fair in St. Louis next year will have the pleasure of seeing a miniature pottery in full operation. J. A. Bauer, of Paducah, who operates a large pottery at which is made white earthenware, jars, jugs, etc., has applied to the Kentucky Exhibit Association for space in the clay exhibit to place a man and jig to turn out jugs and other wares throughout the exposition. He promises to send a skilled man who can make his work both attractive and entertaining. Mr. Bauer uses three clays from McCracken county and some from the Cooley mine in Graves county.

PICTURES OF EVERYTHING.

Nothing at the Exposition attracts and holds the eye of the visitor more than photographs, and the Kentucky Exhibit Association, which is to erect the Kentucky Building and make a display of the State's products and resources at the World's Fair in St. Louis next year, has lost no time in carrying into effect plans that grew out of a recognition of this fact. It has appointed an official photographer in every county in the state to secure for the Kentucky Building and various exhibits to be made in the large palaces of the Exposition, pictures of everything noteworthy and of interest. It is to give credit to every photographer on every picture furnished by himself.

LOW RATES TO THE SOUTH.

Special low rates for the round trip will be authorized via F. & C. Ry. and the Q. & C. Route on October 20th. Rates from Frankfort will be:

To Chattanooga, Tenn.	\$11.00

PUBLIC SPEAKING.

Dr. Ben L. Bruner, of Hart county (former Representative), will address the people of this city and county, at the courthouse, on Monday night next, October 19th, at 8 o'clock, in behalf of the Republican State ticket.

Dr. Bruner is a popular gentleman and a good speaker. Everybody is invited to hear him.

ROBBED THE GRAVE.

A startling incident, is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day."

"Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at all drug stores.

GRAND LODGE OF FREE MASONS OF KY.

Louisville, Ky., Oct. 20-22, 1903.

For the above occasion the L. & N. R. R. will sell tickets Oct. 19 and 20 to Louisville for \$1.90 for the round trip. Limited Oct. 23d.

BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it. In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

Send for free sample.
